The real estate exchange was called to order at the usual hour yesterday; there being but a few brokers present; the meeting adjourned till 11:30 a.m. to-day.

A diarrhoea card, was nailed up at 1076 Twenty-second street, and a scarlet fever case was discovered at 2530 Adams avenue Sunday morning by Sanitary Inspector Lewis.

It was reported yesterday morning that the great Bear River canal had broken out near Collinston, but upon inquiry of Manager H. C. Gilbert the rumor proved to be without foundation.

Carpenters Strike.

The carpenters of Ogden went on strike yesterday. Several days ago the carpenters union published a notice demanding nine hours and eight hours on Saturday's last Saturday evening the men quit work an hour earlier than usual and called for a full nine hours pay, which, excepting in a few instances, was refused by their employers. Thinking that their demands would be accepted, the carpenters, both union and non-union, did not go to work at the usual hour yesterday.

Police Court.

Judge Valentine Gideon presides over police court this week. The following cases were disposed of yesterday:

George Warren and Eugene Brown, arrested for petit larceny, were sentenced to twenty days in the city jail and costs each.

J. McLaughlin, an ordinary drunk, was placed in the city refrigerator to serve a term of ten days.

James White and James Casey will have a hearing in court this morning on the charge of "swiping" clothing from a Twenty-fourth street store.

Probate Court.

The Produce Exchange.

For Monday, yesterday was a lively day on exchange, the report of the amount of business transacted by the members of the exchange, which was published a few days ago, seemed somewhat of a stimulation for the brokers. No one seemed to want potatoes, and prices were slow and uneasy. The wheat market fell 2 1/2 cents per bushel but flour remained the same and was very firm at Saturday's prices. The demand for eggs was good and prices fair. Green vegetables are becoming more plentiful and

sales are quoted more readily. Yesterday's sales were as follows: One car of potatoes, 20 cases of eggs, 40 cases of onions, 100 dozen radishes, 40 dozen green onions, 1,000 pounds of asparagus and 10 cases of lemons. Arrangements have been completed to issue a daily or weekly price current.

The City Council.

The city council met in the city hall shortly after 6 o'clock with Mayor Turner in the chair. The councilors present were Graves, Spencer, Dee, Calvert, Cannon, Elliott and Allison. The clerk, Cannon, read the minutes of the previous meeting were read and approved without a dissenting voice.

The following petitions were presented and acted upon:

The majority of the property owners from Washington avenue to Monroe, on Twenty-fourth street, petitioned the council to make such arrangements to have the sewer system to Monroe avenue.

The Young Men's Drum corps asked for the use of Lester park pavilion on certain nights for practice.

G. W. Kent, of the Grand opera house orchestra, desired the use of Lester park pavilion for another dance and thanked the members very cordially for past favors.

He mentioned the idea of holding a grand festival of July celebration.

James Oswald presented his name for a position on the paid fire department, being recommended by Corey Brothers.

John Wilson presented his name for a position on the paid fire department, being recommended by Corey Brothers.

A communication from Colonel W. H. Harvey was read asking that Jefferson avenue, between Twenty-sixth and Twenty-eighth streets, be cut down to an established grade.

The committee on laws recommended that parties wishing to put in the American district telegraph system be requested to submit to the council such ordinances as they desire to have for the use of the telegraph.

The committee on claims recommended the payment of a number of bills amounting several hundred dollars. Report adopted. The same committee recommended that several be disallowed.

The committee on fire department recommended that all trees on Twenty-fifth street between Washington and Washington avenue, excepting on the city hall and public school grounds, be cut down. Referred back to the committee to prepare a suitable ordinance.

The committee on finance reported that they had entered into a contract with H. C. Bigelow, agent, and accepted the same for \$100,000, at par, on the following terms: For public improvements, \$25,000 to be paid the first day of July, August and September, at 6 per cent. Mr. Bigelow to receive 5 per cent commission.

Councilman Allison asked and stated he was opposed to the action taken by the finance committee. He thought the council as a body had no right to act as they did. The contract was entered into and signed by H. C. Bigelow, agent, and the name of the principal was not mentioned. Upon these grounds Mr. Allison thought it was a one-sided contract and would not hold. Mr. Allison thought that the committee had overreached their power in the matter and had not performed their duty as they ought to. He held that as a councilman he had no right to sell bonds of the city upon such conditions; that he should be sold to the highest bidder at a specified time after publication of notice in the newspapers of the city. Mr. Allison thought the committee on finance could have sold these bonds easily for \$100,000 instead in reality for \$85,000.

Mr. Allison thought that the committee stated they had worked hard for the disposal of these bonds, and thought they had done well to get rid of them as they did. He said that he had tried several means of disposing of them, but thinking this was a splendid opportunity, he had drawn up the contract. He thought Mr. Allison's ridicule of the committee was uncalled for.

Mr. Cannon thought the committee's action quite at length. He thought the committee needed this money for needed improvements, etc., and felt that they had not overreached their authority in such a way that it would prove against the interests of the city. By a vote of 7 to 2 the report of the committee was adopted, Allison and Dee voting against it.

On motion of Councilman Lundy the motion of the committee on finance was raised.

The same committee recommended that the claim of City Sexton Larkin be 10 per cent for the sale of cemetery lots be not allowed. Adopted.

The committee favored appropriating \$75 for decorating cemeteries on Memorial day by request of the John A. Dix Post, Grand Army of the Republic.

The committee on streets reported in favor of permitting the Browning Grocery company to erect scales in front of their place of business, on Twenty-seventh street, under certain conditions.

The report of the sanitary committee concerning the location of the city dump, and the location of the city dump, and the report of the former ordinance was adopted.

Several papers were read and ordered paid.

City Attorney Kimball presented an outline for the proposed sewer district, which constitutes Twenty-sixth street to Washington avenue, Grant to Twenty-sixth, and Lincoln to Twenty-sixth. The total cost of which is estimated at \$548,355.

The city recorder was instructed to make a report at the next meeting of the city council, or as soon as convenient thereafter, on the estimated cost of constructing sewers in district No. 1.

Councilman Cannon presented an ordinance devising a plan to defray the floating indebtedness of Ogden City and borrowing money for corporate purposes.

\$100,000 bonds bearing 6 per cent interest, payable in ten and twenty years, payable in cash, to be issued, and the money therefrom expended in building sewers, paving streets and otherwise making public improvements.

Mr. Dee then moved that further reading of the ordinance be postponed till to-morrow evening at 8 o'clock. Motion lost.

At this juncture Councilman Allison and Dee became considerably warmed up and the councilmen engaged in a warm debate. Mr. Allison thought something must be wrong that certain parties wanted to raise the ordinance through the council so suddenly. Mr. Allison said in his opinion that the council should be produced.

Mr. Allison said that he did not know what the ordinance contained and he requested that the matter be laid over twenty-four hours, so that it can be investigated more thoroughly and a diligent vote can be taken. Mr. Allison said he had been told by reliable parties that the man who is to have contracted for the \$100,000 bonds from the committee had stated to others that he had come here to put the bonds that had not been disposed of to advantage, but that an arrangement had been fixed up between some of the contracting parties. Mr. Allison considered stress on \$5,000 to be paid in commissions. Mr. Dee followed and corroborated the statements of Mr. Allison.

The speakers were replied to in several instances regardless of the requests of the mayor, the councilors becoming quite personal in their remarks.

Motions were made to adjourn until stated times, but each time the question was voted down 7 to 2. After considerable delay it was finally agreed to adjourn till 7:30 o'clock Wednesday evening.

Before adjourning, Mayor Turner stated that Superintendent Hancock had been conferred with and a special train had been arranged for to go to Provo to meet President Harrison and party.

The council adjourned at 12:15 a.m.
